EU's development policy and funding – changes for 2021-2027

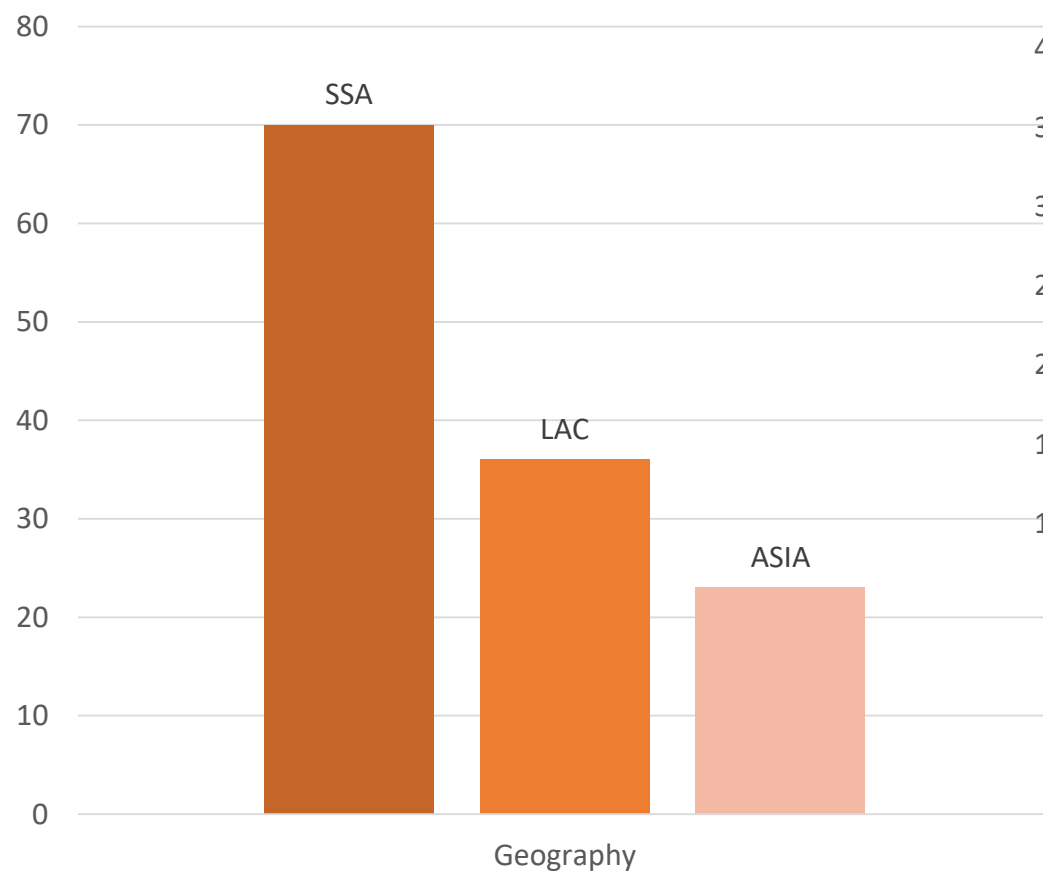

- Focus in Africa and deepening cooperation
 - New international competition, migration, huge needs
- Traditional development assistance is not enough
 - Leveraging private funding (blending, guarantees)
- Need for consolidation of EU activities (multiple instruments, overlapping activities, low EU visibility)
 - Team Europe Initiatives – joint design, financing and implementation of actions among EU, MS and their organizations
 - Single funding instrument NDICI or Global Europe

NDICI = Neighborhood, Development and International Cooperation Instruments

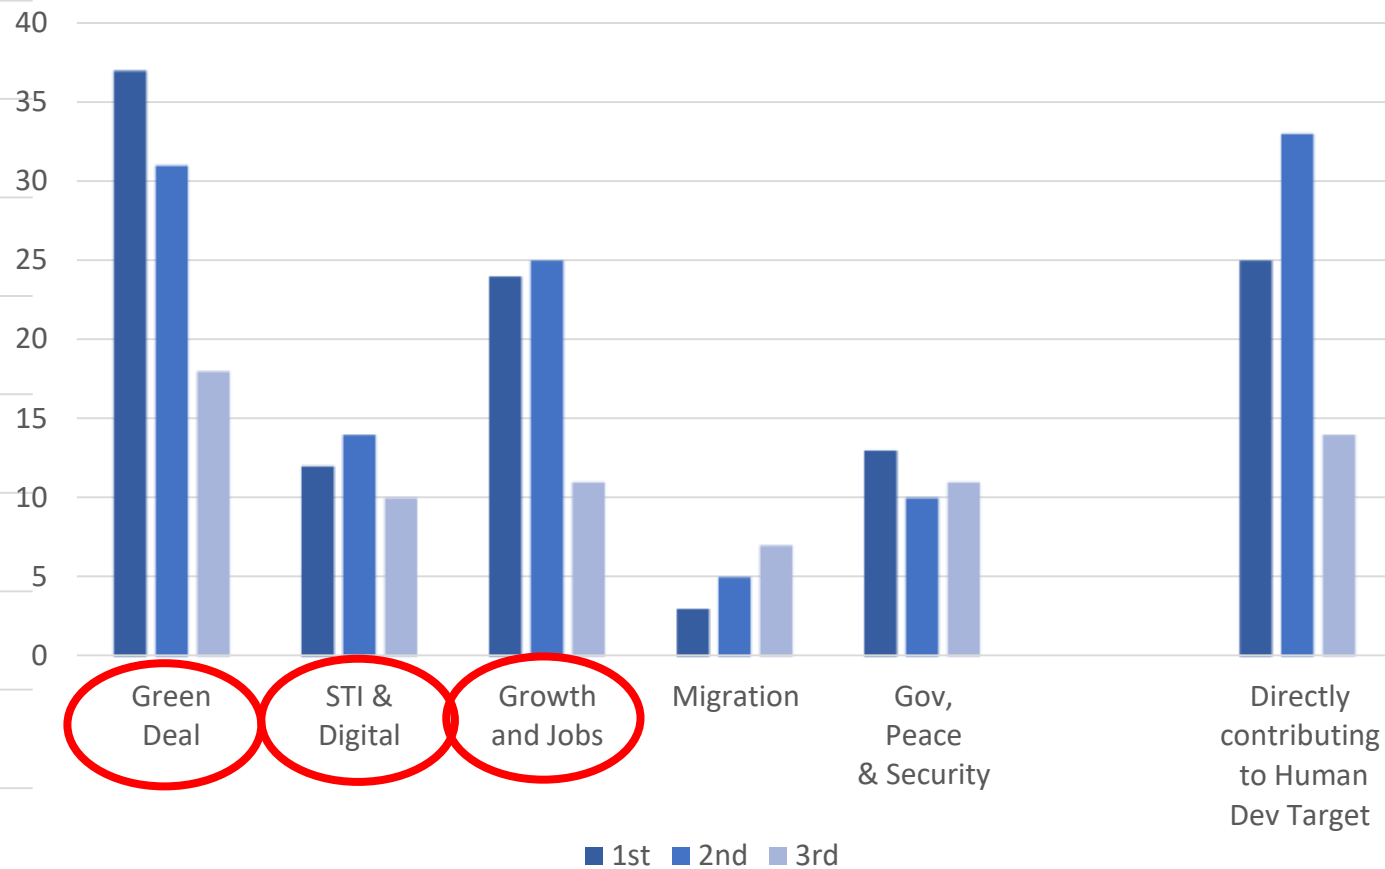

EU funding for developing countries – Pillars and geographic allocations

Per geography

Per principal priority
